

**LAMBDA CHI ALPHA**

A LIFETIME OF TRUE BROTHERHOOD

### Consent to Nomination

Election as a member of the Grand High Zeta requires a commitment of time and professional abilities. See the **Call for Nominations** for Board member expectations.

The Grand High Zeta generally has four regular meetings per year: in **April** and **October** (Friday through Saturday), in **July or August** at the General Assembly or Leadership Seminar (Thursday through Saturday), and in **January** at a Grand High Zeta retreat, (Friday through Sunday). Special meetings may be called as necessary. In some instances, the Board member is asked to vote on issues electronically. Absent special circumstances, Board members are expected to cover their own travel expenses to and from Board meetings.

Each Board member is expected to serve on at least one Board committee. Committees meet by teleconference between regular Board meetings. The Grand High Alpha and members of the Executive Committee generally also meet by teleconference in advance of each regular Board meeting.

Each Board member is expected to participate in occasional individual chapter activities such as charterings and anniversaries, to the extent the Board member's personal schedule permits. These chapter events generally involve the Board member as the keynote speaker. Attendance at all such events is coordinated through the Office of Administration.

Each Grand High Zeta member is expected to exemplify the high standards of the Lambda Chi Alpha Fraternity, and to provide a proper role model for our members, both undergraduate and alumni. Each member is expected to participate in the Educational Foundation Annual Fund at the \$1,000 level or above.

Lastly, as a prerequisite to coverage under our directors' and officers' liability coverage policies, we require that all of High Pis and Alumni Advisory Board members at the chapter level undergo a criminal background check. Since Grand High Zeta members are similarly covered by such policies, all applicants will be required to undergo such a background check as well. Failure to consent to the background check, or the revelation of any significant matters in such a check, will result in the Nominating Committee asking the candidate to withdraw his application.

- - ○ ○ ○ ○ ○ - -

As a nominee for election to the Grand High Zeta, I understand these commitments and I give my consent to my nomination and to the conduct of a criminal background check.
