

Lambda Chi Academy: Ideal Man Institute

Sitting inside Lambda Chi Academy is the *Ideal Man Institute*, your home for supporting Members, from Association, right through to graduation. All of the learning and experiences are designed to foster Brotherhood and develop character.

Most importantly you don't have to create education from scratch or rely on the same programs your Zeta's used for years. The *Ideal Man Institute* is composed of three primary programs.

BROTHERHOOD IN ACTION

- Highlights stories that showcase the lasting impact of Brotherhood on Members' lives.
- Provides unique educational and developmental experiences for every Chapter.
- Strengthens connections among Brothers through shared experiences and guided conversations.

FOUNDATIONS OF BROTHERHOOD

- Standardized Member development program from Association to Initiation.
- Teaches the core values, traditions and expectations of the Fraternity.
- Combines in-person instruction with meaningful discussion and guided reflection alongside a Big Brother.

BROTHERHOOD LAB

- Supports Brothers' development from Association to Graduation.
- Provides individual and Chapter-wide learning opportunities.
- Empowers Chapters to customize the experience while maintaining a consistent developmental framework.
